Meralco-DLSU Laguna E-Vehicle Partnership

(L-R) Dr. Gil Nonato C. Santos, DLSU Vice-Chancellor; Br. Raymundo B. Suplido FSC, DLSU President; Atty. William S. Pamintuan, Meralco First Vice President and Head of Legal; and Victor L. Risma IV, Meralco Head of Corporate Business Group — Private Sector.

Meralco executives present officials from De La Salle University with a copper lineman statue to commemorate the official signing of a lease agreement on three electric vehicles, which will provide environmentally friendly round-trip shuttle services for the DLSU Laguna community to transport hubs outside the campus. The three-year deal includes an operations and maintenance arrangement with Meralco and its subsidiary, MServ, with eventual plans for the latter to install a charging station specifically designed for EVs.
