ERC CASE NO. 2020-028 RC

**MANILA ELECTRIC
COMPANY (MERALCO),

**Promulgated:

ORDER

On 28 September 2020, Manila Electric Company (MERALCO) filed an *Application* dated 25 August 2020, seeking the Commission's authority to implement its Capital Expenditure Program for Regulatory Year (RY) 2021, with prayer for provisional authority.

The pertinent portions of the said *Application* are hereunder quoted as follows:

1. Applicant MERALCO is a private corporation duly organized and existing under the laws of the Republic of the Philippines, with principal office located at Lopez Building, Ortigas Avenue, Pasig City. It may be served with notices and other processes of this Honorable Commission through its undersigned counsel at the address indicated herein.
2. Pursuant to Republic Act No. 9209, MERALCO has a legislative franchise to construct, operate and maintain an electric power distribution system for the conveyance of electric power to the end-users in the cities and municipalities of Metro Manila, Bulacan, Cavite and Rizal, and certain cities/municipalities/barangays in Batangas, Laguna, Quezon and Pampanga.

3. MERALCO is part of the First Entry Group of private distribution utilities that entered Performance Based Regulation ("PBR").
4. Pending the regulatory reset for the Fifth Regulatory Period (1 July 2019 to 30 June 2023), MERALCO is filing the instant application for the approval of its Capital Expenditure (CAPEX) projects for implementation in Regulatory Year (RY) 2021 covering the period from 1 July 2020 to 30 June 2021. This is pursuant to Section 20(b) of Commonwealth Act No. 146, as amended, otherwise known as the Public Service Act, which requires any public service to seek the prior approval of this Honorable Commission before it can establish, construct, maintain, and operate new facilities or make any extension of its existing facilities. Primarily, these CAPEX projects are necessary to avert the foreseen emergency situations and ensure the reliable operation of its distribution network and continuous distribution service and connection to meet the growing needs of its about 6.9 million customers.

A. BACKGROUND OF MERALCO'S RY 2021 CAPEX PROGRAM

5. MERALCO's RY 2021 CAPEX Program is geared towards providing reliable service to its customers by maintaining an adequate, safe, efficient, and viable distribution network, while providing the needed capacity to address the forecasted load growth within its franchise area. MERALCO's RY 2021 CAPEX Program is mainly driven by the following factors:

- a. Adequate Infrastructure to Meet Growth in Peak Demand and Customer Connections

The distribution infrastructure must be sufficient to meet MERALCO's current and immediate requirements. MERALCO forecasts its customer base to expand to around 7.3 million and peak demand to grow to 7,801 MW by RY 2021. This increase in peak demand and customer count will require MERALCO to increase the capacity of the electric distribution system in order to continue accommodating customer connections, while maintaining the reliability and power quality of its distribution system. If no capacity augmentation project has been undertaken starting 1 July 2020, MERALCO would not be able to provide electric service to its existing and new customers.

- b. Renewal/Refurbishment Projects to Ensure Sustained Network Efficiency, Reliability and Power Quality

Capital expenditures are required to maintain existing assets so as not to degrade its network performance and customer service performance in the current regulatory year. The immediate implementation of these projects is not just imperative to say the least, but more so, critical as the

reliability of MERALCO's electric distribution system in providing safe, reliable and adequate electric service is at risk.

c. Automation/Innovation/Technology

Automation/technology projects will further allow MERALCO to enhance its distribution network, allowing it to respond more effectively to line and network outages which will reduce service interruptions of customers.

d. Compliance to statutory and regulatory requirements.

Several RY 2021 CAPEX projects are likewise proposed in order to comply with various law, rules and regulations, including, among other things, compliance with: (a) Distribution Services Open Access Rules (DSOAR) on MERALCO's provision of the extension of lines and facilities for socialized housing initiatives of both public and private developers; and (b) Wholesale Electricity Spot Market (WESM) metering requirements.

e. Support for Government PPP Initiatives / BBB Program

The National Government has identified the implementation of Build Build Build (BBB) programs and projects as a cornerstone strategy of the national development plan to accelerate the infrastructure development of the country and to sustain economic growth. MERALCO would thus need to relocate and replace existing facilities so as not to hamper the construction and development of these critical BBB projects.

A detailed discussion on MERALCO's considerations and justifications in forecasting its RY2021 CAPEX Program is attached hereto as Annex "A" and made an integral part hereof.

B. LIST OF CAPEX PROJECTS

6. Taking into consideration the factors above, MERALCO hereby proposes the following thirty (30) very urgent major CAPEX projects for RY 2021:

Copies of the project justifications of the residual projects under MERALCO's RY2021 CAPEX program are attached herewith as Annexes "C-series" and made integral parts hereof.

8. In light of the resulting benefits of MERALCO's RY 2021 CAPEX Program in the overall service to the electricity consumers, MERALCO respectfully submits that the building block components, particularly the return of capital and return on capital associated therewith, from the time the CAPEX is put in service and considered used and useful, should be considered as a deferred amount to be included in the calculation of MERALCO's next regulatory reset rates.

9. The filing of the instant Application is without prejudice to the subsequent filing by MERALCO for any unforecasted or emergency CAPEX as the need therefor arises.

C. URGENT NEED FOR ISSUANCE OF A PROVISIONAL AUTHORITY

10. Section 23 of the EPIRA provides that distribution utilities have an obligation to provide services and connections to its customers consistent with the distribution code¹. It is emphasized that non-approval of the CAPEX projects for RY 2021 will severely hamper MERALCO's operations and severely affect its ability to deliver electric service to its customers. It is imperative for MERALCO to implement its very urgent RY2021 CAPEX projects starting 1 July 2020 for the expansion and rehabilitation of its network facilities through acquisition of new assets in order to ensure continuous delivery of reliable service and comply with safety, performance and other statutory/regulatory requirements, while addressing the growing needs of its about 6.9 million customers.
11. Thus, pending final approval, there is an urgent need for a provisional authority to be issued in favor of MERALCO to allow it to immediately implement its proposed RY 2021 CAPEX program. In support of the prayer for the grant of a

¹ Republic Act No. 9136, Section 23, EPIRA Implementing Rules and Regulations, Rule 7, Section 4.

provisional authority, attached as Annex "D" is the Judicial Affidavit of Engr. Froilan J. Savet, Head of MERALCO's Network Planning and Design.

PRAYER

WHEREFORE, it is most respectfully prayed to this Honorable Commission that the instant application for Authority to implement MERALCO's proposed Capital Expenditure (CAPEX) Program for Regulatory Year (RY) 2021 be APPROVED and that the building block components associated with the CAPEX Program from the time the CAPEX is put in service and considered used and useful be considered as a deferred amount to be included in the calculation of MERALCO's next reset rates.

Pending hearing, it is likewise prayed that a provisional authority be immediately issued authorizing Applicant MERALCO to implement its RY 2021 CAPEX Program.

Applicant MERALCO prays for such other relief as are deemed just and equitable under the premises.
