How to Clear Your Browser Cache Guide

These instructions for clearing your cache in different browsers and operating systems apply to all users. Follow the steps for the browser you use.

Android clear cache

1. Select **Menu**, then **More**.
2. Select **Settings**.
3. Under "**Privacy settings**", select **Clear cache**, **Clear history**, or **Clear all cookie data** as appropriate, and then OK to accept.

Chrome clear cache

1. Click the 3 dots (Mac) or exclamation point (PC) in the upper right corner of the browser.
2. Hover over the More Tools option then click **Clear Browsing Data**.
3. Choose **The Beginning Of Time** or lesser time frame in the "Clear the Following Items From" field.
4. Select the items you want to clear (e.g., Browsing history, Download history, Cached images and files, Cookies and other site data).
5. Click **Clear Browsing Data**

-
- The screenshot displays the Microsoft Edge Settings application. On the left, the 'Settings' sidebar is visible with various categories. The main content area is titled 'Hi Eloisa, we value your privacy.' and 'Tracking prevention'. Below this, there are sections for 'Basic' (with a red arrow pointing to it), 'Advanced', and 'Blocked trackers'. The 'Basic' section lists several tracking prevention settings. To the right, a 'Clear browsing data' dialog box is open, showing a dropdown menu set to 'Last hour' (with a red arrow pointing to it) and a list of data types to clear, including 'Browsing history', 'Download history', 'Cookies and other site data', and 'Cached images and files'. The 'Clear now' button is highlighted with a red arrow.

Firefox clear cache

1. Click the hamburger menu in the upper right corner of the browser.
2. Click **Preferences** (Mac) or **Options** (PC).
3. Click **Privacy** in the left menu bar.
4. Click **Clear Your Recent History**.
5. From the Time range to clear: drop-down menu, select the desired range; to clear your entire cache, select **Everything**.
6. Click the down arrow next to "Details" to choose which elements of the history to clear.
7. Select Browsing & Download History, Form & Search History, Cookies, Cache and Active Logins
8. Click **Clear Now**.

1. Click **Tools**, and select **Delete Browsing History...** .
2. Deselect Preserve Favorites website data, and select Temporary Internet files, Cookies, and **History**.
3. Click **Delete**.

Mobile Safari for iOS (iPhone, iPod touch, iPad)

To clear cache and cookies:

1. From the home screen, Select **Settings** > **Safari**.
2. At the bottom of Safari’s settings screen, Select **Clear cookies and data** or **Clear Cookies and Clear Cache**.
3. Confirm when prompted.

To clear history:

1. From the home screen, tap **Safari**.
2. At the bottom of the screen, tap the **Bookmarks** icon.
3. In the lower left, tap **Clear**.
4. Tap **Clear History**.
