

BIDDING

CONTRACT CAPACITY OF 600 MW (NET), EFFECTIVE SEPTEMBER 2025

BID BULLETIN NO. 5 (1 August 2024)

To all Interested Bidders:

Pursuant to an Order (dated 31 July 2024) issued by Branch 15-FC of the Regional Trial Court of Taguig City, which was received by MERALCO on even date (the "TRO Order"), a Temporary Restraining Order (TRO) effective for 72 hours was issued in favor of plaintiffs-applicants Prime Energy Resources Development B.V., UC38 LLC, Prime Oil and Gas, Inc., and PNOC Exploration Corp. and enjoined MERALCO from conducting its competitive selection processes (CSP), under its current Terms of Reference ("TOR"), including the receipt of bids, the award, and the implementation of any award arising from MERALCO's CSPs, which includes this Bidding for 600 MW baseload supply requirement, effective August 26, 2025 ("600 MW CSP").

Given this development, the MERALCO DU endorsed the TRO Order to the Bids and Awards Committee for Power Supply Agreements (BAC-PSA) today and directed the BAC-PSA to suspend all upcoming CSP activities for the 600 MW CSP effective immediately, and until further notice.

In view of the foregoing considerations, please be advised that **all upcoming CSP activities of this Bidding are hereby suspended effective immediately and until further notice.**

For your guidance and information.
