A strategic planning meeting was attended by officers and representatives from Meralco and Cavite Technopark (CTP) last June 21 where CTP presented its expansion strategy up to the year 2021 which will progressively require an increase in their power requirements. CTP is owned and managed by the Laguna Technopark, Inc (LTI). Meralco, committed to fully supporting the current and future power supply needs of CTP, also discussed the various energy solutions that it can offer through its subsidiaries, paving the way for other areas of collaboration. Present during the meeting were (In-photo Middle, L-R) Meralco VP and Head of Corporate Business Group Victor S. Genuino, LTI President and Head of Ayala Malls Group, Ms. Ma. Rowena M. Tomeldan. They were joined by (In-photo L-R) Meralco Relationship Manager Patrick Henry Panlilio, Networks Asset Planning Manager Roberto Isip Jr., Private Sector Relationship Management Head Victor Risma, Cavite Technopark General Manager Patrick John Avila, and Associate Managers Engr. Hezron Arandela, and Dennis Salazar.
